

ETGAR exterior sealing element for single-line building service outlet

for ETGAR building package for single-line building service outlet

HAW-E ETGAR AD

Article no.: 3030491405, GTIN: 4052487242035

- **Tested according to DIN 18533**
- **Visual installation reliability due to built-in inspection opening**

To supplement the ETGAR BHP wall version for buildings with a basement. Can be used in core drill holes in double walls/element walls and for integration of existing building seals according to DIN 18533 W2.1-E. The sealing width of 80 mm provides a seal against both the concrete shells of the double wall/element wall and the pre-mixed concrete filling.
